deafness, go to your druggist and get one ounce of Parmint (double strength), and add to it is pint of not water and a little granulated sugar. Take one tablespoonful four limes a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, coats little and is pleasant to take. Anyone who has catarrhal trouble of the cars, is hard of hearing or has head notes should give this prescription a trial.
